Introduction to Oceanography

[Jump](#)

Image by ilkerender (CC)

[The course syllabus](#) describes how each week you will complete activities that prepare you for the live face-to-face class. Use the [online Modules](#) as a guide. **Before each meeting**

1. Study assigned readings
2. Watch the corresponding [Blue Planet \(UCLA\)](#) [video](#)
3. Complete the [online quiz](#)
4. Begin the week's [assignment](#)
5. Complete [log work & discussion](#) with [your group](#)

Don't forget about our [Field Trips](#)! See the [Assignment](#) page for more details.

3. Click **Navigation**.
